AMERICAN FLOOR PRODUCTS COMPANY POLICY

GUARANTEE

All products listed are guaranteed against manufacturing and material defects provided our recommended installation and maintenance instructions are followed. Any defective materials will be replaced free provided a claim of defect is made *IN WRITING WITHIN SIX MONTHS AFTER SHIPMENT* and if our examination shows that the product has failed under the terms of the guarantee. *WE WILL NOT BE RESPONSIBLE FOR THE INSTALLATION COST INVOLVED IN SUCH REPAIR OR REPLACEMENT.* We can not guarantee matching of thickness, shade or marbleization. We make no other guarantee of these products, expressed or implied. No representative has the authority to make any promise, representation or agreement, except as stated herein.

ACCEPTANCE OF ORDERS

All orders are to be sent to American Floor Products Co., Inc. in Gaithersburg, Maryland, where they will be subject to acceptance by the company. Orders can be submitted by mail, fax, email and telephone. Telephone orders must be confirmed in writing. The Company will accept **NO RESPONSIBILITY** for any errors made via the telephone. We reserve the right to reject any order and this price list is not an offer to sell.

TERMS

Net 30 days, subject to credit approval. As a convenience to our customers, we will ship C.O.D. when time does not permit credit clearance or when shipment cannot wait for payments to be received in the credit department in Gaithersburg. All payments are to be made directly to American Floor Products Co., Inc. Gaithersburg, MD. *FINANCE CHARGES* of 1.5% per month (18% per annum) will be added to all accounts over 30 days. *NO EXCEPTION TO THIS POLICY! NO "HOLDBACK" PERMITTED.*

Under Commercial Law #3-512, Article 27, Section 140-144 of the Criminal Code, we are permitted to collect **\$35.00** for bad checks. If unpaid after 30 days notice, you may be liable for 3 times the amount of the check in district court.

We accept MASTERCARD, VISA and AMERICAN EXPRESS.

All new customers and special orders require payment in full prior to fabrication.

TELEPHONE CALLS

Outside of the Metropolitan Washington, D.C. area, call our toll-free line: (800) 342-0424.

RESPONSIBILITY FOR CHANGES

Upon receipt, all orders are processed immediately exactly as they are received. The cost for any changes made in the original order, after it has been processed, will be charged to the customer.

CANCELLATION OF ORDERS

Orders may be canceled by telephone any time prior to processing but cancellations must be confirmed in writing. We will advise you of current status. Orders canceled after filled and/or shipped are subject to a cancellation charge of a minimum of 50% plus freight charges, if applicable. See "Merchandise Returns" below.

MERCHANDISE RETURNS

Standard sized items may be returned. The goods must be packaged so that no damage occurs on route back to the factory. Permission in writing, however, must first be obtained from the Sales Department with a Returned Goods Authorization (RGA) Number being assigned. Whenever authorization is granted, there will be a returned goods charge of 50% plus applicable freight charges. *CUSTOM MADE, CUT LENGTH, PRE-DRILLED OR PEEL-N-STICK GOODS ARE **NON-RETURNABLE.*** **Non-Return**

LIABILITY CLAUSE

Before buying, the user shall determine the suitability of the product for its intended use and the user assumes all risk and liability whatsoever in that regard. The sellers and manufacturers only obligation shall be to replace such quantity of product proven to be defective. Neither seller nor manufacturer shall be liable for any injury, loss or damage directly or consequently arising out of the use of or the inability to use the product correctly. The foregoing may not be altered except by an agreement signed by the officers and lawyers of the seller and manufacturer.

SHIPPING CHARGES

All orders are F.O.B. shipping point. Shipments will be sent pre-paid with transportation charges added to the customer's invoice. If requested, shipments can be sent **COLLECT**. We will not be responsible for inside delivery, re-delivery, "notification of arrival" or storage charges which would arise when delivery is refused. Proof of delivery charge: **\$10.00**.

UPS HAZ-MAT CHARGES require addition fees! (**Ground shipments only**).

PREPAID CHARGES: When shipments must be prepaid, there will be a handling charge added to the freight charges on the invoice.

AIR FREIGHT: Shipments by air will only be sent Collect for the freight charges. Under no circumstances will American Floor Products **PREPAY AND ADD** air shipments. **We can not ship HAZ-MAT by Air.**

DAMAGE OR LOSS OF SHIPMENT

Title passes to consignee upon receipt of the shipment by the Transportation Company. When loss or damage is not apparent until the shipment is unpacked, a claim for concealed damage should be made by the recipient with the delivery carrier. When damage is discovered, a written request to the carrier should be made for inspection, with a copy sent to American Floor Products. **KEEP ORIGINAL CARTONS AND PACKAGING**. This request for inspection must be made within 15 days of delivery. The carrier will furnish you with an inspection report and the necessary forms for filing a concealed damage or loss claim, since such damage or loss is the sole responsibility of the carrier. All shipments leave the shipping point in first class condition.

ARCHITECTURAL DRAWINGS

Should a customer be unable to prepare drawings for architectural or client approval, we will be able to provide this service at a minimum fee of **\$20.00**, depending on the complexity of the service rendered. No charge for this service on orders of **\$1,000.00** net or more.

PRICE QUOTATIONS

Always request prices in writing. When time will not permit, verbal quotes will be given over the phone. This does not constitute a legal contract to sell and is subject to revision. To be honored always request confirmation in writing.

PRICES ARE SUBJECT TO CHANGE WITHOUT NOTICE

We reserve the right to change prices as necessary. **ALL PRODUCT DIMENSIONS ARE SUBJECT TO MANUFACTURING LIMITATIONS.**

MINIMUM ORDER

We have no minimum quantity requirement on standard products. If however, your order totals less than **\$160.00** net, a **service charge of \$10.00 will be added.**

American Floor Products Company, Inc., made its first Wall & Corner Guards over two decades ago. Through practical application and exhaustive testing, our American Indian collection of Wall Guards and our American Space Age collection of Corner Guards are superior and provide these benefits:

- ◆ Reduction in costly wall repairs.
- ◆ Maintenance - easy to clean.
- ◆ Fire rated - meets or exceeds fire and flame spread codes.
- ◆ Simple installation.
- ◆ Long life - power/impact design.
- ◆ Custom* colors available - Call for pricing.
- ◆ Full warranty - protection from material and manufacturing defects.
- ◆ Complies with ANSI, UBC, SBCCI, ICBO, BOCA, OSHA, codes/standards.

Notes:

1. Custom cut length will be priced to include waste using standard stock lengths.
2. Custom* colors in rigid vinyl are available in minimum quantities of 500 feet plus up to 10% overrun.
3. Set up fees and/ or color match fees required.
4. Color shades may vary due to manufacturing limitations. Every attempt is made to keep individual shipments as close as possible to the same shade.
5. All weights shown are approximate.

Interior Handrails, Wall Guards, Corner Guards and Specialty Wall and Door Protectors comply with Class A fire rating and are Underwriters Laboratories Corporation (ULC) approved.

American Disability Act (ADA) Accessibility Guidelines in this catalog are obtained from appropriate sections of ADA Accessibility Guidelines for Buildings and Facilities - as they apply to architectural interior products. Please refer to the full rules and regulations text for complete information.

MOLDED RUBBER BUMPERS

Specification (D.S.I. Div. 11 Loading Dock Equipment)

Manufactured from quality rubber, AFCO's molded dock bumpers provide maximum impact protection. Molded dock bumpers help guard against damage that may occur to dock and/or trucks.

Installation

Use 3/4" x 6" or 8" pre-set anchor bolts and washer on new concrete.
Use 3/4" x 5" bolts, washers & expansion shields on existing concrete docks.
Weld 3/4" studs on steel surfaces.

Drilling

Style "B", "BB", "BBB" & "R" have (4) 1-7/8" depressed bolt holes.
Style "L" has (3) 2-3/8" holes.
Style "M" has 3/4" diameter holes, (number varies with length).
Style "T", Super-Block & Leveler have (3) molded 1-7/8" diameter depressed bolt holes.
Mini-Block has (2) 1-7/8" holes.

STYLE "T"® (TB-2200)

Height: 22"

TRANSPARENT STRIP DOORS

VISTA-CURTAIN®
(VC-5050)

Vista-Curtain® is manufactured of the best quality vinyl compounds. The material resists to most inorganic acids, bases and salts. Strips remain flexible even when temperature is well below the zero mark.

BENEFITS:

- Saves energy** - Conserves both heat and air conditioning by allowing minimal open and closing time for personnel and equipment traffic.
- Pre-sized/Bulk pack** - Select either pre-sized ready-to-install strip doors measured to fit the exact size of the opening, or order the economical bulk package and stock hardware (DIY) for do-it-yourself installation.
- Easy to install** - Aluminum or steel angle with strip fasteners can be mounted to the wall; for most installations 6" wall space is recommended above the door. When permanent doors or other obstacles exist, a header mount can be cut to the desired length. Sliding track doors are available.
- Eliminates dust, fumes, insects** - Provides an effective barrier against dust and noise while allowing light in.
- Shield against U.V. rays** - Special weldscreen PVC compound provides a safe viewing curtain against welding flashes.
- Protects interior from adverse weather conditions** - Protects livestock, equipment, supplies, etc., from the extremes of cold or warm weather. May be installed with existing doors for greater energy savings.

Cut Pieces & Full Rolls

General Selection and Installation Tips:

Materials	Recommended Uses
FCS-606 Standard Clear	For personnel doors only. Maximum 10 ft. in height.
FCS-808 FCS-812 Standard Clear 8" wide	Recommended for interior doors to 12 ft. in height. Not recommended for sound applications. Use 1/2 overlap for interior personnel doors. Use full overlap for interior doors with vehicle traffic. Use full overlap to provide temperature differential between adjacent interior areas. Use 1/2 overlap for package openings if packages are light, full overlap for heavy packages.
FCL-606, FCL-808, RCU-8072 USDA, 8" wide	Recommended for installations similar to standard 8" material but where USDA approval is required. Should be used for freezer applications because of better lower temperature rating than standard material.
FCS-4808, FCS-4812 FCS-4816, Standard Clear 48" wide x .080" thick or .120" or .160" thick	Recommended for more permanent barriers. Sheet material can be hung from the same mounts as the strip material or customer can make his own.
FCS-1208 FCS-1212 RCS-12110 Standard Clear 12" wide	Recommended for interior/exterior applications up to 18 ft. in height. Use 12" for 1/2 overlap for interior applications. Use full overlap for exterior applications. It has proved best in solving wind, temperature, or wear problems. Can and should be used on doors 8 ft. or less where there are wind, temperature or wear problems. Full overlap is best for sound attenuation problems. Use flat FCS-1212
FCL-1212, RCU-12110 USDA 12" wide	Recommended for installations similar to standard 12" material but where USDA approval is required. Should be used for freezer applications because of better lower temperature rating than standard material.
FCS-1616, RCS-16145 Standard Clear 16" wide	Recommended for interior/exterior applications up to 20 ft. in height. This is our heaviest material and will give the best resistance to wind, sound, temperature and wear. Full overlap is best for severe sound attenuation problems. Use flat FCS-1616

Minimum order \$160.00 net - Otherwise \$10.00 service charge

TRANSPARENT STRIP DOORS

Pre-Fab Doors - Cut to length and punched

Add 6" to height and width for wall mount installations.

Description	Style	Width	Gauge	Price* square foot	
				50% Overlap	Full Overlap
Standard Flat: Clear with light blue tint	FCS-606	6"	.060"	\$11.50	\$14.40
	FCS-808	8"	.080"	\$9.50	\$12.10
	FCS-812	8"	.120"	\$12.80	\$16.40
	FCS-1208	12"	.080"	\$8.90	\$12.30
	FCS-1212	12"	.120"	\$10.40	\$14.50
Standard Double-Ribbed: Raised ribs prevent scratching of plastic strips, clear with light blue tint	FCS-1616	16"	.160"	\$12.90	\$18.40
	RCS-8072	8"	.072"	\$10.40	\$13.40

	RCU-16145	16"	.145"	\$15.90	\$22.60
	FGW-808	8"	.080"	\$10.90	\$14.00
	FGW-1212	12"	.120"	\$12.10	\$16.60

Pricing includes mounting hardware *F.O.B. Plant

Notes:

1. Add \$30.00 per door for Orange Hi Lite Strips.
2. For pricing purposes, all door opening dimensions are rounded to next full half foot.
3. For wall mount installations, add 6" to height and 6" to width to determine overall square foot required.

Additional Mounting Hardware:

Style	Description	Weight/ft.	Price* ft.
VC-ST-30	Steel Wall or Header Mount (10 ft. max.)	1.5 lbs.	\$16.40

*F.O.B. Plant

Universal Hardware:

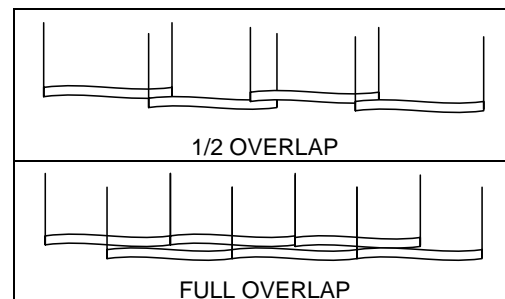

May be used as a header or wall mounting 2-1/8" wide x 2-5/8" high with 1/2" mounting holes 12" O.C. top and face. Hanging pins are 2" O.C.

To calculate the linear feet required: Multiply factorial

Required Overlap	Width		
	8"	12"	16"
1/2	2.00	1.25	1.00
Full	3.00	2.00	1.50

1. Determine the square footage of the opening by measuring the internal width of the door way between jambs and multiplying this by the height between the underside of the lintel and the floor. Allow 6" in overall width plus 6" in overall height for wall mount installations.
2. Select the desired strip width (8", 12", 16").
3. Select overlap required (1/2, Full) and multiply the square footage of the opening by the figure indicated in the appropriate box (above). This determines required linear feet of the Vista-Curtain.
4. To determine the number of strips required divide linear footage by door height and round off to the next full strip.

Overlap System:

Offers two basic overlap methods. With holes on 1" centers, most any overlap is possible.

Partial overlap style of 1/2 strip width are recommended for areas of moderate temperature differentials and ease of personnel or equipment passage.

Full overlap of complete strip width is recommended for areas with greater temperature differentials and light winds - primarily used for equipment and vehicles on outside walls. Ideal for noise control. Minimum personnel traffic.

Minimum order \$160.00 net - Otherwise \$10.00 service charge
